

**CITY OF CHARLOTTESVILLE, VIRGINIA
CITY COUNCIL AGENDA**

Agenda Date:	September 8, 2020
Action Required:	Approve and appropriate grant funds
Presenter:	Jodi Jackson, Offender Aid and Restoration
Staff Contact:	Jodi Jackson, Offender Aid and Restoration Ryan Davidson, Senior Budget and Management Analyst
Title:	Charlottesville/Albemarle Adult Drug Treatment Court Grant Award - \$240,000

Background:

The City of Charlottesville, on behalf of the Charlottesville/Albemarle Adult Drug Treatment Court, has received a Supreme Court of Virginia Drug Treatment Court Docket Grant in the amount of \$240,000 for operations of the drug court program, which is operated by Offender Aid and Restoration (O.A.R.). The City of Charlottesville serves as fiscal agent for the Supreme Court of Virginia Drug Treatment Court Docket Grant.

Discussion:

In its twenty-third year of operation, the Charlottesville/Albemarle Adult Drug Treatment Court is a supervised 12 month drug treatment program that serves as an alternative to incarceration for offenders. Drug Court is a specialized docket within the existing structure of the court system given the responsibility to handle cases involving non-violent adult felony offenders who are addicted to drugs. The program uses the power of the court to assist non-violent offenders to achieve recovery through a combined system of intensive supervision, drug testing, substance abuse treatment, and regular court appearances.

The total program budget is **\$364,725** and includes three funding sources:

Supreme Court of V.A.:	\$240,000
City of Charlottesville:	\$68,352, which has already been appropriated
Albemarle County:	\$56,373, which has already been appropriated

Alignment with City Council Vision and Strategic Plan:

This relates to providing support for persons interacting with the legal or criminal justice system and the City of Charlottesville's priority Safety/Criminal Justice. Drug Court directly affects the community by reducing recidivism among Drug Court participants and graduates. Additionally, Drug Court mitigates risk by reducing drug and alcohol use among program participants and graduates. Reduction of drug and alcohol use fosters participant rehabilitation, public safety, and participant accountability; all of which are factors in helping the community achieve its stated goals. Reduced recidivism results in reduced public cost associated with re-arrest and incarceration, a reduction in potential victims of crime, and overall enhanced quality of life for community residents. As the writers of the Adult Drug Court Best Practice Standards state, "Drug Courts improve communities by successfully getting justice-involved individuals clean and sober, stopping drug-related crime, reuniting broken families, ... and preventing impaired driving" Not only is Drug Court an effective agent of change, it is an extremely cost effective approach. Numerous meta-analyses have concluded that Drug Courts produce an average return on investment of \$2 to \$4 for every \$1 invested. Because of the above, ensuring that the 23 year old Drug Court program remains available to residents of the City of Charlottesville and Albemarle County will help the community achieve its goals.

Community Engagement:

The Drug Treatment Court is a direct service provider and is engaged daily with non-violent criminal offenders with drug driven crimes who are at a high level of risk for reoffending due to active addictions and long standing patterns of criminal behavior. By collaborating with the Court system, Region Ten Community Services Board, and the Sheriff's department, the Drug Treatment Court provides these offenders with a highly structured, rigorously supervised system of treatment and criminal case processing that results in a significant reduction in recidivism rates for program participants and graduates. Participants gain access to the Drug Treatment Court through referrals from police, probation, magistrates, defense attorneys and other local stakeholders. Participants have active criminal cases pending in the Circuit Court. If they successfully complete the program which takes a minimum of 12 months, participants may have their pending charges reduced or dismissed. If participants are unsuccessful and have to be terminated from the program, they return to court to face their original charges. Successful Drug Treatment Court participants return the community's investment in them by maintaining full time, tax paying employment, providing for and taking care of their children and families including paying off back child support, behaving as good role models in the community, and supporting the recovery community in Charlottesville.

Budgetary Impact:

No additional City funding is required as the City's match for this grant, \$68,352, was appropriated as part of the F.Y. 2021 Council Approved Budget as part of the City's contribution to Offender Aid and Restoration.

Recommendation:

Staff recommends approval and appropriation.
