**RESOLUTION
Endorsing Correspondence Supporting HB1965**

WHEREAS, Delegate Lamont Bagby has introduced HB 1965 in the Virginia House of Delegates to increase the availability of low and zero emissions vehicles; and

WHEREAS, a group of localities is endorsing a letter urging the Virginia General Assembly to enact legislation similar to HB 1965.

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Charlottesville, Virginia hereby agrees to add its endorsement of the letter attached to this Resolution.

“January 4, 2021

RE: Supporting policy which expands access to low and zero emissions vehicles

Dear Members of the Virginia General Assembly,

As a community of Virginia municipalities, we urge lawmakers to empower our localities and businesses to usher in a clean economy, reduce air pollution, and improve public health by supporting policy which expands access to low and zero emissions vehicles.

Fossil fuel based transportation threatens our air quality and significantly increases community healthcare costs. A recent study from Virginia Clinicians for Climate Action (VCCA) found that the health impacts attributable to Virginia-specific transportation emissions are valued at \$750 million annually.¹ Moreover, air pollution and the associated costs disproportionately impact low-income and minority communities, where respiratory illness is correlated with higher exposure to emissions from fossil fuel vehicles. The VCCA study found that Virginia could significantly reduce healthcare costs by implementing low and zero emissions vehicle standards.

Climate change also poses a significant risk to the health, livelihood, and economic stability of our communities. Recognizing these risks, our communities are making ambitious commitments and taking action to improve energy efficiency, adopt clean energy, and reduce greenhouse gas (GHG) emissions. Transportation is responsible for 48% of climate emissions statewide² and is a significant contributor to each of our community-wide emissions as well. Vehicle electrification is essential to our ability to reduce emissions at the community level.

Despite the significant health and climate benefits of vehicle electrification, unfortunately, auto manufacturers do not provide Virginia automotive dealers with many low and zero emission vehicles, leaving our citizens with little from which to choose. Sixteen states have already passed standards requiring manufacturers to increase the availability of low-emission and zero-emission vehicles. Combining these standards with tax incentives for purchase of these vehicles will accelerate transportation electrification, improve public health, and support Virginia’s continued leadership on climate change.

We ask the General Assembly to pass legislation which increases the availability of low and zero emissions vehicles in Virginia and provides consumers financial incentives to choose them. Our localities want to ensure that all Virginians can enjoy a thriving economy, a clean environment, and healthy communities for the many generations to come. We hope that the General Assembly will partner with us to turn this vision into reality.

Sincerely,

CITY MANAGER RESPONSE TO COMMUNITY MATTERS (FROM PREVIOUS MEETINGS)

Acting City Manager John Blair shared an update on the following community matters:

1. Social Services Director Diane Kuknyo and Communications Director Brian Wheeler will work on a plan to better communicate programs related to SNAP and other benefit programs. Ms. Kuknyo suggested waiting initially on federal administration changes with the Biden Administration assuming office on January 20, 2021, to see if there would be any immediate short-term changes.
2. A joint meeting with City Council and the Charlottesville City School Board scheduled for Thursday, January 28.

COMMUNITY MATTERS

Mayor Walker opened the floor for public comment.

1. Marta Keane, CEO of the Jefferson Area Board for Aging (JABA), shared an update on services such as home delivered meals, senior helpline, counseling, adult day services, weekly calls, and efforts during the coronavirus pandemic.
2. Gloria Beard, city resident, asked about the newly appointed City Manager, affordable housing, reports of Charlottesville being a top destination for retirees, and play areas for children.
3. Tanesha Hudson spoke about Council relations, race relations and accountability.
4. Walt Heinecke, city resident, spoke about transparency with the City Manager process. He also spoke about the Human Rights Commission proposed ordinance updates and shared revision suggestions.

5. Robin Hoffman spoke about Covid-19 vaccinations and the need to improve air quality. She asked about measures being put in place for Inauguration Day.
6. Peter Krebs, Piedmont Environmental Council, spoke about a virtual book club for those interested in safer streets. He advised that more information was available at pecva.org. He also spoke in support of the agenda item for acquisition of land at the Ragged Mountain Reservoir.
7. Don Gathers encouraged everyone to stay safe. He shared his opinion that the City Manager appointment process was rushed. He wished Mr. Blair well in his future endeavors and wished the incoming City Manager well. He shared concern of hearing no security report for Inauguration Day.
8. Abby Guskind shared disappointment about a lack of transparency and community outreach in the City Manager appointment process. She wished Mr. Blair well as he moves forward with another locality.
9. Elizabeth Stark, city resident, spoke about the City Budget. She encouraged the funding of city priority needs such as education, hunger, mental and physical health, addressing the unhoused, and alternatives to policing.
10. Katrena Cooper, city resident, asked about cameras that were put up in the South First Street area without notification to residents.

Councilor Payne responded to public comments and implored everyone to take accountability for moving the city forward to a healthier place.

Mayor Walker spoke about the process for hiring the new City Manager and about work being done that often goes unrecognized. She asked that people think about the type of city that they want.

The meeting recessed at 8:10 p.m. and reconvened at 8:25 p.m.

GENERAL BUSINESS

REPORT: Update on the Climate Action Plan Development Process

Susan Elliott, Climate Protection Program Manager, began the report presentation. She advised that the process would need to move forward on an expedited timeline, noting key areas of focus for emissions reduction: Residential, Commercial and Transportation. She provided an update on actions taken related to direction given by Council in a 2019 resolution.

Kristel Riddervold, Environmental Sustainability and Facilities Development Division Manager, shared work plan updates through March 2021 and advised of the timeline for milestone targets and City process alignment. She shared that information and documentation related to the climate plan would be accessible at:

www.charlottesville.gov/climateplan.

Council shared feedback and discussed ways to help move efforts forward.
