

NOTICE OF PUBLIC MEETING

PLACE Committee

Thursday, May 10th, 2018
12:00pm – 2:00pm

Location:
CitySpace, 100 5th Street NE

The PLACE Committee is attending the public workshop on the Comprehensive Plan Update held by the Planning Commission in lieu of their monthly meeting.

The May 2018 workshops build upon a series of workshops and outreach events held by the Planning Commission in the spring and summer of 2017 to gather feedback from the community on how updates to the Comprehensive Plan should be shaped. Over the last eight months, the information has been analyzed and used by the Planning Commission to create DRAFT materials such as chapter changes and a DRAFT Land Use Map.

Please join the PLACE Committee and Planning Commission at the workshop to review materials and provide feedback.

Additional workshops are being held throughout the City. Please visit the Comprehensive Plan website for detailed listings:
